FROM: James H. Taylor
Secretary, Executive Advisory Group

SUBJECT: Recommendation to the Director from the
Federal Women's Program Board

REFERENCE: Memo to Compt fr D/ES dtd 15 Nov 77,
Same Subject

1. At a 9 November 1977 meeting with you, the Federal Women's Program Board recommended that the Executive Advisory Group (EAG) communicate to CIA employees the actions it has taken on problem areas identified in the July 1976 Agency-wide personnel survey.

2. In response to that recommendation, the Office of Personnel intends to publish, before the end of January 1978, an Employee Notice which will communicate the several EAG and other management actions taken to improve personnel policies and procedures in CIA during the past year. I hope this will meet the request.
